

Inclement Weather Policy

Holy Rosary works very hard to make sure our offices are open as scheduled. However, if the weather becomes extremely bad and road conditions become treacherous, the credit union may be closed for the safety of our staff. If there is bad weather, please visit our Facebook page (@HolyRosaryCU), the website (HolyRosaryCU.org) or call (816.221.2734) to verify that we are open before you come out on the icy roads.

If we are not open, please use your debit card at one of our 30,000 fee-free ATMs, use our mobile banking app with remote deposit capture or, if they are open, visit one of our Shared Branch Locations. To use a Shared Branch, you will need to bring government issued picture ID and your account number. You just tell the staff member that you are a member of Holy Rosary in Missouri. To find a shared branch location near you visit our website or the CO-OP locator site:

<https://co-opcreditunions.org/locator/>

You may also download the CO-OP locator tool to your smartphone.
