## Important Security Reminder: Anyone Who Asks for Your One-Time Code Is a Scammer

Scams continue to get more complex, so it's important to stay aware of the latest tricks. Recently, we've seen fraudsters combine phishing (fake emails or texts that look like they're from your credit union) and phone calls to get around MFA (one-time security code) controls and gain account access.

The sequence works like this: you may receive a text labeled "FRAUD ALERT" asking if you initiated a transaction. If you reply "No," the scammer then calls, posing as our fraud department, and asks you to reset your password. They then ask for the one-time code you receive during that reset. Once you share

it, they complete the reset and take control of your account.

Remember: we will **never** ask you to provide a one-time passcode or verification code or to "approve" a login while you're on a call. If someone asks for such a code, they are trying to fraudulently access your account.

To help reinforce security, we are adding new layers of protection to digital banking. And the next time you do need to reset your password, you may see new guidelines for creating one. The new method will make your password easier for you to remember, but harder for a fraudster to crack.

## Love Your Car, **Not Your Payment?**

Your car might be everything you wanted – dependable, fun to drive and perfect for your lifestyle. But if your monthly payment is eating away at your budget, it might be time to take another look.

If a new car is on your horizon, make HRCU your first stop before heading to the dealership. Getting pre-approved through us means you'll know exactly what you can afford, lock in a competitive rate and shop with confidence. You'll also enjoy fast, local decisions, a variety of terms and friendly service from a team that puts your best interests first.

Whether you're looking to refinance your current loan or finance your next vehicle, we're here to help you drive away with savings and peace of mind.
